## Color and Shade Variation:

Please note: Glass and ceramic tile can feature shifts in color and tone - from smooth and subtle, to wide swings and variations. Any naturally occurring shifts are part of the inherent beauty of our tile. Please be sure to inspect physical samples to ensure the correct tile selection. Tiles can be graded on the following guide:

**V2 = Slight Variation:** Clearly distinguishable differences in texture and/or pattern within similar colors.

**V3 = Moderate Variation:** While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example “that little bit of color” on one piece of tile may be the primary color on the next piece.

**V4 = Random Variation:** Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

LIMITED PRODUCT WARRANTY: Aquabella guarantees its products will meet or exceed the performance specifications outlined in the most current version of Aquabella’s Test Results Chart.

WARRANTY: In the event of latent defects caused by improper manufacturing, the company will replace any defective units FOB its warehouses (installation not included), provided the company is notified within one year of installation or within 18 months of shipment of product, whichever occurs first. In all cases, specific installation details, structural design and environmental conditions are beyond the control of the company. Aquabella cannot accept responsibility for the performance of its products where improper installation, design or environmental conditions exist.

IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE: Aquabella limits the duration of the implied warranty of fitness for a particular purpose to one-year or the maximum statutory period prescribed by law, whichever is less. Failure to comply with recommended applications voids this warranty. To the maximum extent allowable by federal and state law, this warranty supplements or supersedes federal and state consumer goods warranty protections.

DISCLAIMER: Natural stone products are mined and cut from natural formations. Because these products are not subject to a manufacturing process Aquabella does not warrant natural stone products for shade, size, thickness, warping, cleft variations, surface finish variations, or other natural variances. Any misuse of the product, including physical or chemical abuse or negligence is not covered by this warranty. Any defect, visual or otherwise, that is apparent prior to installation is not covered by this warranty. In no event shall Aquabella’s liability on any claim made by anyone exceed the purchase price paid for the product by said customer in respect to the Aquabella materials on which damages are being claimed.
